Breeders Choice Alpaca Auction

Welcome to the 2016 Breeders Choice Alpaca Auction. This is the **4th year for the Breeders Choice Alpaca Auction**, following on from the successful annual auction first launched in 2013. The concept continues to gain momentum each year with new vendors and buyers as well as rotating venues. This year the auction will be held at the very central and convenient location of Goulburn Showground. Fleeces should be at their optimum with the September auction date. We hope, that with the continued support of breeders both buying and selling, this auction will continue in being a **significant event in the Australian Alpaca calendar**.

Our collective aim is to provide a venue for all breeders to showcase the breeding of their choice of animals, and for breeders of all sizes and budgets to be able to access a selection of genetics and fleece colours and styles to enhance their individual breeding programs.

The 60 lots for your consideration in 2016 again represent a unique opportunity to access in one location a selection of animals that reflect the diverse genetics and breeding programs of the 18 participating studs. This is NOT a dispersal sale. It is an event where successful industry participants have each made their **“Breeder’s Choice”** to put on offer for sale this year. We believe there is something for everyone in this offering.

This year Hunter has offered a free on-farm service to one of their Elite Stud Males, Huacaya or Suri. This will again go to a lucky successful buyer, drawn at the end of the auction.

We would love to see lots of breeders in **Goulburn on Saturday 10th September**. However, if you are unable to get there on auction day to take a look, you are still able to contact the vendors prior to the auction for more details or to arrange for a friend to have a look at the animals on your behalf so that you can participate in the auction by phone.

So, Alpaca breeders far and wide, we invite you to work through the catalogue and make a note of the animals you think would enhance your breeding program. What you will find is a great selection of animals with realistic starting prices, some unreserved lots and other lots with sensible reserves. We hope to see you there for whatever takes your fancy—a look, a catch up, a chat with an interesting mix of breeders and an opportunity for some special new additions to your herd.

Venue: Peden Pavilion —Goulburn Showground (Under cover)

47-131 Braidwood Rd, Goulburn

a/c. Follyfoot—Reserved

Lot 7. Alpha Centauri Razetta

S White Female

IAR: 202993

DOB: 9/03/15

Benleigh Lorimer SW Patagonia Cletic Triumph SW
 Sire: Elyision Jupiter SW Dam: Patagonia Celtic Rhianna W
 Benleigh Jubilation W Jandarra Stevie Nicks SW

Fleece: Sep 2015 — M: 16.3 SD: 3.2 CV: 19.6 CF: 100%
 May 2016 — M: 16.9 SD: 3.5 CV: 20.17 CF: 100%

A superior Jupiter sired female displaying all the hallmarks of the best of the best of our breeding program. Full sister to the well known Alpha Centauri Razor's Edge (5 x Championships in 2015, including Sydney Royal & Nationals). This young female has a superdense, highly aligned, ultrafine fleece with excellent length and handle. She is ready for mating to your choice of male or can be mated to any Alpha Centauri owned male at half the normal stud fee.

a/c. Alpha Centauri—Reserved

Lot 8. Alpha Centauri Kyesha

S White Female

IAR: 202986

DOB: 20/02/15

Benleigh Lorimer SW Woodland Chase Milagro SW
 Sire: Elyision Jupiter SW Dam: Alpha Centauri Kamilah SW
 Benleigh Jubilation W Alpha Centauri Kameron SW

Fleece: Sep 2015 — M: 16.2 SD: 3.7 CV: 22.6 CF: 100%

Kyesha is from a line of consistent superfine stock and is displaying excellent character and style to her fleece. We would highly recommend a mating to either Comanchee or Addixion for Kyesha. She is ready for mating to your choice of male or can be mated to any Alpha Centauri owned male at half the normal stud fee.

a/c. Alpha Centauri—Reserved

Lot 9. Alpha Centauri Carrabelle

S White Female

IAR: 203006

DOB: 15/04/15

Benleigh Lorimer SW Benleigh Bellissimo SW
 Sire: Elyision Jupiter SW Dam: Elyision Callina Belle SW
 Benleigh Jubilation SW Benleigh Callina SW

Fleece: May 2016 — M: 16.9 SD: 3.1 CV: 18.3 CF: 100%

Carrabelle is an extremely well grown female sired by 11-tie Supreme Champion Elyision Jupiter. She carries an ultrafine fleece displaying good character and style. She is ready for mating to your choice of male or can be mated to any Alpha Centauri owned male at ½ the normal stud fee.

a/c. Alpha Centauri—Reserved

Lot 10. Green Gully Chanel

S Dark Fawn Female

IAR: 221280

DOB: 9/01/16

Kia Ora View Temptation MF Kurrawa Harley BLK
 Sire: Green Gully Bogart DF Dam: Koorana Park Chiquita DBrn
 Glenhope Bombo MF Koorana Park Jacinda BLK

Mated: Maiden

Fleece: Untested

Chanel is a very well grown and upstanding female displaying fine fleece with good length and density. Her grandsires are both recognised as producing show quality coloured progeny. She would be a great asset to a coloured breeder looking to add quality genetics to their herd.

a/c. Green Gully—Reserved

Lot 11. Timbertop CT Elle Macpherson

S Med Fawn Female

IAR: 177275

DOB: 5/10/10

Shanbrooke Accoyo Tulaco Adelyn Highland Mist
 Sire: Patagonia Celtic Triumph Dam: Timbertop Elle
 Patagonia Celtic Rose Timbertop Miss Twigg

Mated: Open

Fleece: Oct 2015 — M: 20.2 SD: 4.88 CV: 24.16 CF: 96.8%

Elle is one of those highly sought after females who are still maintaining fineness at 6 years of age. With a gentle nature, she was shown as a senior achieving broad ribbon success (NEAS 2013). Her current female cria from Lincoln is something special and we are retaining her in our herd.

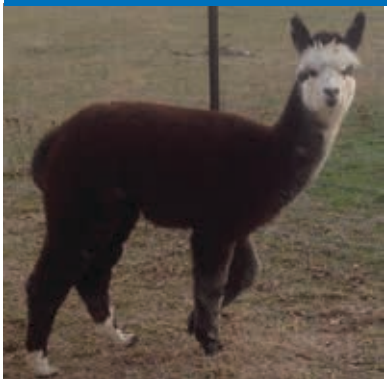

a/c. Green Gully—Reserved

Lot 12. Green Gully Hatti

Tuxedo Dark Grey Female

IAR:221291

DOB: 12/01/16

Jolimont Tiberio Longueville Park Brigalov
 Sire: Jolimont Essien Dam: Green Gully Harriet
 Jolimont Greta II Warralinga Isadora 1

Mated: Maiden

Fleece: Untested

Hatti is a very attractive young grey female. Her fleece has a consistent style and good density that is typical of Essien progeny. This is a very unique genetic package which would be attractive to those looking to add new quality grey genetics to their breeding program.

a/c. Green Gully—Reserved

Lot 13. Hunter Candice-400

S White Suri Female

IAR: 201550

DOB: 3/1/15

Kurrawa Just A Rumour SW Hunter Shakamaker SW
 Sire: Serena L. Prince Blanket SLF Dam: Hunter Catalina SW
 Serena L. Lady Anna Jane W Hunter Ringlet SLF

Mated: 17/4/16 -25/6 Surilana Pianistic SDF Scanned Post.

Candice, a well framed female, won Intermediate Champion at Hawkesbury 16. She refused to return to ring for Supreme line up (wanted to be mated), hence the mating the day after. Her genetic line up of Champions includes H. Per. Quest & Shakamaker (Accoyo). Her dam, Catalina, was awarded 3rd National 2011. Candice is easy to handle and presents a dense, highly lusted fleece of uniform locks. Mated to SP, multi Supreme winner, should enhance the fibre structure & density.

a/c. Hunter—Reserved

Lot 14. Kia Ora View Mitzy & F/Cria

S White Female

IAR: 102174

DOB: 31/12/12

Unique Bloodline Package of Multi Supreme Champions - Columbus, P.Image, Mia and now combined with The Superior Males Hunter Excel and Classic Caesar. Mitzy carries a long staple of uniform crimped dense fleece on an excellence frame. Mitzy a stylish female has proven herself a great mum.

Her Cria, Mariah, who stood out at birth & sired by Excel, has all the qualities you would expect from this outstanding combination of genetics. Her growth for age is highlighted on a solid heavy frame covered from head to toe with extreme density of bright, super fine fibre which falls into mopy crimped bundles, full of grease — hence the density of this young female.

Selected for the auction at the birth of Mariah we re-mated Mitzy to Classic Caesar in order to give the buyer the advantage of another superior bloodline. Classic Caesar in his 1st season has already proven himself & produced award winning progeny, whose fleeces are greasy, dense, fine & crimped, carrying extreme uniformity: head—toe , chest—tail .

Jolimont Columbus W EKCo. Peruvian Image
 Sire: EKCo. Billabong SMF Dam: Kia Ora View Mia W
 EKCo. Muffy SW Jolimont Guiseppina SW

F/Cria at Foot: KOV. Mariah SW by Hunter Excel SW DOB: 11/2/16
 Mated: 18/2/16—2/4/16 Hunter Classic Caesar Scanned Post.
 Fleece: Nov 2015— M: 25 SD: 4.5 CV: 17.9% Cur: 32.6

a/c. Hunter / Kia Ora View— Reserved

Wow— What a Package!

Sire: Wyona Sunset Avenue RGX Dam: Eaglewood Glamour Puss
Wyona Mystical Woman Alpacapena Greta

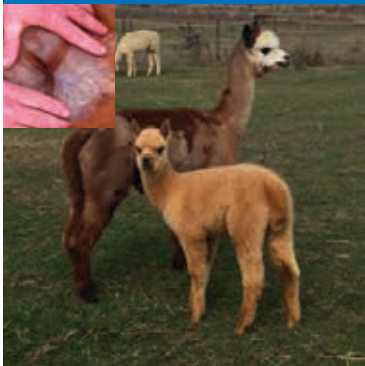

Fleece: FD: 20.2 SD: 5.4

Show Record: 1st Central West Show 2015, 4th Nationals 2015, 3rd Sydney Royal 2015

Beautiful Rose Grey Male out of one of our best DF females, Eaglewood Glamour Puss by Ambersun Romanza—won twice at Sydney Royal. Very crimpy, well-defined staples.

a/c. Eaglewood—Reserved

Lot 17. Adorable Nicolletta plus Cria Rose Grey Female IAR: 200091 DOB: 8/03/14

Natural Allure Warruurraa Mountain Kite
Sire: Natural Allure Thalkurri Dam: Adorable Narma
Natural Allure Yemurraki Kuanza Natasha

Mated: Wyona Sunset Avenue 20/04/16—20/05/16

Fleece: FD: 22.3 SD: 4.5

Cria: Adorable Nigella. IAR: 212247, DOB: 8/04/16

Nicolletta is a beautiful Rose Grey with an even more stunning dark fawn female cria by Wyona Sunset Avenue. This cria is a stunner and will definitely be a show animal.

a/c. Eaglewood—Reserved

Lot 18. Lillyfield Tarryn

S Light Fawn Female

IAR: 189236

DOB: 2/01/13

Blue Grass Bollinger Somerset Peru Prince Pedro
 Sire: Jarrack Park Kingston Dam: Wongadene Melody
 Jarrack Park Valkyrie Somerset Peru Arista

Mated: Lillyfield Alchemy (Warrior) 21 May 2016

Fleece: Sept — 20.0u SD: 3.9 SF: 19.25 CF: 98.2%

Attractive feminine young breeding female, from our most productive female line. She has already had one female cria we are retaining in the breeding program. Excellent mother. Long, fine fleece with excellent lustre. A beautiful Bollinger granddaughter.

a/c. Lillyfield—Reserved

Lot 19. Lillyfield Darcie

S Med Fawn Female

IAR: 183433

DOB: 13/11/15

Jolimont Warrior Blue Grass Khan
 Sire: Lillyfield Alchemy Dam: Lillyfield Nikiya
 Brabant Fairy Jane Somerset Peruvian Pavlova

Mated: Maiden

Fleece: Shorn as a cria

Very attractive young weanling with an ultrafine, warm fawn fleece. Her dam is part of the most prolific female producers we have on farm. Sire is a Championship winning Warrior son who is producing show quality stock year after year.

a/c. Lillyfield—Reserved

Lot 20. Ambersun Guerraari Quartz

S Med Fawn Certified Male

IAR: 162447

DOB: 12/12/09

Benleigh Cosmos Ambersun Peruvian Lago
 Sire: Ambersun Solomon Dam: Compass Quartz Crystal
 Ambersun French Kiss Alpacas Int M788

CERTIFIED WORKING MALE

Fleece: Oct 2015 — 21.2u SD: 3.7 CF: 98.5%

Quartz is part of a stable of males bought with Silcron Alpacas, now that Diane has moved away we need to rationale the boys & regretfully Quartz is now for sale. Even as a mature male he still exhibits a highly crimped fleece with excellent lustre. He has been shown twice in NSW — 1st Charles Ledger 2015 & 2nd Carousel of Colour 2015. Easy to work with, highly fertile.

a/c. Lillyfield—Reserved

Lot 21. Helmshore Manor Petal 119

White Female

IAR: 182144

DOB: 14/12/14

Patagonia Celtic Triumph White Acheron Safari SDF
Sire: Patagonia Celtic Machiavelli SMF Dam: Helmshore Manor Pixie Roan
Patagonia Mietta SMF Noble Note Brindabella W

Mated: Open

Fleece: Nov 2015 — M: 14.9 SD:3.2 CV: 21.5 CF: 100% Cur: 44.8
Show Results: CWR show Mudgee 1/8/2015 Junior female white – 6-12 months Highly commended.

An extremely dense, ultrafine female carrying a soft, crimped bundling fleece. She is a solid upstanding female ready for mating and has a genetic background including browns, fawns, whites and roan. Petal will be a great enhancement to any breeding program.

a/c. Helmshore Manor—Reserved

Lot 22. Helmshore Manor Vermillion 137

Brown Female

IAR: 220058

DOB: 26/5/15

Jolimont Tiberio Hunter Tuff Stuff
Sire: Hunter Eclipse Dam: Helmshore Manor Alberta
Jolimont Marilla El Shaddai Anushka

Mated: Open

Fleece: Nov 2015 — M: 17.9 SD: 4.4 CV: 24.6 CF: 98.7% Cur: 30.6

Vermillion has an extremely dense, beautifully handling fleece exhibiting consistent crimping throughout on a very strong, solid frame. Her genetics include greys, fawns and whites and she carries the genetics of Jolimont Cassius, Jolimont Sculptor and Jolimont Tiberio – to name a few. Her dam consistently drops colours of high quality and is one of our favoured breeding lines.

a/c. Helmshore Manor—Reserved

Lot 23. Forestglen Anthem

S White Male

IAR: 195224

DOB: 8/04/13

Banksia Park Khan Jolimont Warrior
Sire: Banksia Park VCK Colorado ET Dam: Forestglen Song of Joy
Kyana Challice Purrrumbete Minty

Fleece: 2015— FD: 21.7 SD: 3.9 CV: 17.9 CF: 97.9% SL: 105
2014— FD: 19.2 SD: 3.8 CV: 19.6 CF: 99.4% SL: 95

Anthem is an upstanding young male, ready to work. He combines the best genetics of Khan Warrior with Purrrumbete Minty and Highlander. His skirted saddle at 30 months of age weighed 2.6kg. He carries a medium frequency crimp style which he holds consistently across his body. He has a very macho presence with sound conformation and excellent leg coverage. He is halter trained, will jump into a van and has an easy going temperament.

a/c. Forestglen—Reserved

MILLPACA STUD SIRES

The best of Black & White breeding standing at stud.

AMBERSUN FORTUNE SEEKER

Light Fawn
IAR 162454

Fortune Seekers multiple Supreme Championships speak volumes of the faultless confirmation & impeccable fleece of this true-to-type Huacaya male.

KOORANA PARK BLACK KNIGHT

True Black
IAR 43924

Black Knight is a true-to-type Blue Black male with fleece demonstrating fibre diameter uniformity, good density, lustre and soft handle.

SHANBROOKE ACCOYO INVINCIBLE

Solid White
IAR 100321

Invincible carries an incredible bright lustrous fleece that handles like silk with a follicular density of 63.1. His fleece character is a bold bundling deep amplitude crimp that peels open into individual staples

SHANBROOKE PLANTEL HAYNACHO

Solid White
IAR 180812

Haynacho has one of the most even fleeces we have seen in an alpaca. He carries his crimp all over the body down to his feet & all the way under his belly. He is extremely fine, soft & lustrous with good density & outstanding presence.

MILLPACA BRAVO

True Black
IAR 171387

Black breeders will recognise the qualities of this Blue Black male. He has black genetics on both sides and also has fine crimping dense fleece.

NOCTURNE RICOCHET

True Black
IAR 180812

Ricochet is a true blue black with a dense lustrous fleece that separates into matchstick bundles.

Patagonia's quest for

Breeding excellence

The next phase...

At Patagonia we will celebrate in 2016, 20 wonderful years in alpacas. Approaching this landmark makes you reflect on what you have achieved and look forward to where to head in the next decade. The alpaca industry has matured in recent years and this provides reason and opportunity for us to address the breeding challenges we face to remain relevant in a dynamic fibre market.

With alpaca positioned as a luxury natural fibre, we realise the importance of focusing on the key attributes that reinforce this positioning—high lustre, softness and silky soft handle. In our breeding program we select for high fleece weights, defined crimp, ultra-soft handle, long fibre length and brightness. Located in an area with lush pastures and an ideal climate for alpacas, we know that our ultrafine and fine fleece animals are robust animals with genetic fineness.

Since 1996, our quest has been to breed the ultimate elite Australian alpaca. To further this goal, we embarked over the last two years on a program to revitalise our herd with select genetics imported from the US and NZ. For most of the time that we have been in alpacas, Ian has been carefully studying from a distance the breeding philosophy, program and results of Snowmass Alpacas—arguably the finest breeder of alpacas in the US. So it is not surprising that when considered new genetics we dreamed of being able to import animals from Snowmass. This dream became a reality, when in February 2015, a group of eight Snowmass animals, including stud males Elite Transcendence and Royal Kahuna, arrived in Melbourne. Later in the year we headed across to NZ and purchased a stunning Celtic Rising Sun daughter from Shamarra Alpacas and a stylish Oakridge Oliver daughter from Oakridge Alpacas.

This autumn we have had our first drop from these Snowmass genetics. We are particularly excited about the results we are getting from the Snowmass males over our Celtic Triumph females. We still see a critical role for Celtic Triumph in our herd but as his breeding future is limited we are very pleased to welcome Ron Condon as a co-owner to further enhance TR's contribution and legacy in the Australian alpaca herd. We look forward to bringing progeny from this new fusion of genetics into the show ring next year. Also in 2017 there will be a limited number of progeny for sale. Exciting times ahead!

They're working,

They've got progeny

And they're ready to serve...

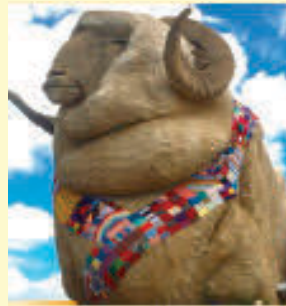

At last year's auction we were talking about eagerly anticipating the arrival of progeny from our new Snowmass males—imported from the States in 2015.

Now we can say that there's progeny on the ground and wow! We are excited about the results. Both males have been working in our herd as well as servicing females from breeders that took advantage of our introductory package last year.

Acknowledgement: Baringup Alpacas

Acknowledgement: Goulburn Post

You are invited to inspect these stunning males and their first progeny at Patagonia. In Spring 2016 we will again be offering a limited number of outside matings (to be taken at Meadow Flat) with Snowmass Elite Transcendence and Snowmass Royal Kahuna.

Full details and pictures available on our website

www.patagoniaalpacas.com.au

Share in these new genetics with our special package

Single mating \$1,500*

Pack of 3 matings \$3,900*

Choose your favourite male or try both males

Get in quick as we are offering fewer mating packages in 2016 as we will have progeny for sale in 2017.

* On farm mating at Meadow Flat. Limit of three matings per stud (These can be taken with one male or combination of both males). Mobiles by negotiation.

Lot 29. Kyona Killaminjaroo**S White Certified Male****IAR: 211551****DOB: 8/12/13**

Windsong Valley Iceman SW Shanbrooke Peruvian Signature SLF
 Sire: Windsong Valley Kenjiro SW Dam: Dural Fontina SLF
 Kaloma Tamika SW Dural Golden Girl DF

Fleece: Nov 2015— M:21.4 SD: 4.2 CV: 19.6 CF: 96.5% Cur: 41

Killaminjaroo has a fine, dense fleece that is even across his body with highly aligned crimp style and structure that is silky soft and bright. He has a good strong frame with impressive show results: winning 5 champion fleece ribbons over 2015- 2016 including champion fleece 18-30mths at the 2016 Sydney Royal. We love Killaminjaroo's fleece attributes and would like to retain 15 matings to this impressive herd sire.

 Benleigh Jubilation SW Lotus Dream Star Jasmine SW

Fleece: May 2016— M: 17.9 SD: 4.6 CV: 25.5 CF: 99.1%

Shaniqua's dam Shanoa is one of our best performing female lines and is the Dam of our super soft handling stud sire Comanchee. Combine this with the density, alignment and fineness of Jupiter and you have a very desirable female. Currently unmated we would highly recommend the buyer take up the offer of a ½ price mating to Alpha Centauri Addixion in order to complete this high quality package.

a/c. Alpha Centauri—Reserved

Lot 35. Patagonia Celtic Juliet**S Med Fawn Female****IAR: 217955****DOB: 30/12/15**

Shanbrooke Accoyo Tulaco Swan Valley Achiever
Sire: Patagonia Celtic Triumph **Dam:** Patagonia Juliaca
 Patagonia Celtic Rose River Heights Caudillo

Fleece: TBA

Juliet is a young and pretty medium fawn Celtic Triumph daughter with her breeding future all ahead of her. She is already pumping out excellent fleece length & sports an excellent frame. To provide her breeding career with a flying start, we offer Juliet with the option of a half price mating* to either Snowmass Elite Transcendence or Snowmass Royal Kahuna. We are very happy with the crias from matings of our US imported males to Celtic Triumph sired females. Take the opportunity to experience this for yourself in your own herd. *To redeem this mating special, on farm at Meadow Flat, you would need to pay an additional \$750 to the auction sale price when Juliet is mated.

a/c. Patagonia—Reserved**Lot 36. Patagonia Celtic Australis****S Dark Fawn Female****IAR: 139298****DOB: 13/05/09**

Shanbrooke Accoyo Tulaco Estancia Rozier El Creador Iluvia
Sire: Patagonia Celtic Triumph **Dam:** Lavender Park Caddie
 Patagonia Celtic Rose Elanora Bella

Mated: Snowmass Royal Kahuna W—LMD 18/04/16**Fleece: Oct 2015—M: 21.2 SD: 3.8 CV: 17.8 CF: 97.6% Cur: 54.2**

Patagonia Celtic Australis would be a great buy for a coloured herd where you are looking for a proven breeder of colour. With her crias to date Australis, a Celtic Triumph daughter, has given us 3 fawn and 1 medium brown progeny from a range of males. Australis has a very even coloured dark fawn fleece & has maintained her fineness and superb handle over time. At 6 years of age she still sports a snappy micron—21.2 with an SD of 3.8. Her mating to Snowmass Royal Kahuna provides an ideal match for colour, and should add lustre and bundling whilst maintaining softness and low micron.

a/c. Patagonia—Reserved**Lot 37. Auravale Lima****White Male****IAR: 191875****DOB: 30/03/15**

Breeders Choice Alpaca Auction

A Note From The Breeders...

Alpha Centauri Alpacas—Specialising in White & Light Fawn Huacaya. By careful selection of alpacas with exceptional genetic backgrounds we produce quality alpacas with breeding predictability and sound conformation; growing a distinctive fleece which is highly sought after in both breed and commercial fleece industries.

Auravale Alpacas—Our passion for breeding elite white Huacaya has led us all over the country seeking the best matings to ensure measureable genetic improvement in each generation. Utilising the SRS breeding system, visual measures and detailed herd analysis we are proud to present to you four high quality potential stud Sires for your consideration.

Aymara Alpacas—Aymara Alpaca Stud was established in 1991 with the purchase of the top priced animal at the very first Alpaca auction in Australia. The following year Aymara sold the top priced female at the Alpaca Classic Auction which then turned into the National Show and Sale. Aymara has always used top genetics and is breeding quality fawn animals.

Cedar House Alpacas— Breeding Alpacas continually since 1989. The stud has developed its line of super fine stock from the most influential sires to ever leave Peru over many years. In combination with selective culling, attention to details of fibre traits and good husbandry, we are proud to present a selection of quality at this year's auction. We welcome any visitors at any time to view the stud and discuss breeding selections.

Eaglewood Alpacas/Adorable Alpacas —Eaglewood and Adorable Alpacas have been breeding quality alpacas since 2005. We have been successful in the show ring and breed animals that are sound and well grown on improved pastures.

Follyfoot Alpacas

Forestglen Alpacas— Established by Maureen Carey, (now retired, but still involved) on the Central Coast of NSW —then moved west to Millthorpe where today Forestglen is still located and run by daughter Jennie Staples. Fleece production, always high on our agenda, has resulted with an exceptional performance over many years of producing high quality fleeces, producing many achievements and awards.

Golden Range Alpacas—Golden Range Alpacas, situated in the historic area of Greenwich Park at the base of the Cookbundoon Mountain range, has been in the business of alpaca breeding for 13 years. In the last couple of years we have been investing in and breeding top quality white and now colour alpacas.

Green Gully Alpacas—We started in 2005 and our love and fascination with these unique animals continues to grow. Our herd of 100 Huacayas thrives in the New England climate and we are proud of the quality of alpacas that we are producing and offering for sale. The ongoing health and wellbeing of our alpacas is most important to us, so we are very happy to provide ongoing advice and support.

Helmshore Manor Alpacas—Helmshore Manor has been breeding alpacas since 2002 and focus on breeding coloured alpacas that carry fineness, dense, crimply fleece exhibiting the 'whole package' using the highest quality genetics.

A Note From The Breeders...

Hunter Alpaca Stud— Since 1994, producers of huacaya and suri, predominantly specialising in whites, we have not overlooked our coloured alpaca herd. Many of our bloodlines have been obtained via our trips to South America, thus adding elite advancement to our herd. Producing alpacas with solid, correct frames who carry aligned long staples, extremely bright fleeces of high fibre weight, but maintaining fineness with minimal primary fibre. Over many years our breeding objectives have gained us high level results for both our animals and fleeces. Known throughout the world for our breeding, we are honoured to once again offer you a selection at this auction.

Jandarra Alpacas— A boutique award winning stud located at Pambula on the far south coast of NSW. Jandarra's show successes at the highest level come from a small herd of elite breeding females entwining Australia's best bloodlines.

Kia Ora View— Breeders of dense, fine Huacaya using genetics that have been proven in and out of the show ring. Now retired from the farm, we are still focused on producing an elite small herd, with attention to fibre length, crimp, fineness, lack of guard hair and handle.

Kyona Alpacas—Established in 2005 as a family business, operated by sisters-in-law, Kylie Streatfeild and Fiona McKenna. We have a small herd of quality huacayas, mainly focusing on breeding whites, but also an interest in breeding coloured alpacas. Kyona Alpacas selects herd sires who have elite and proven genetics. SRS breeders and have already seen benefits with great improvements in fleece production.

Lillyfield Alpacas—Breeding Generations of Champions with long term fineness, commercial fibre length, great capacity and substance of bone. Focusing on fawns but excelling in breeding exceptional whites.

Patagonia Alpacas—Since 1996, Patagonia's quest has been to breed the ultimate elite Australian alpaca. To further this goal in 2015 we imported new genetics from Snowmass Alpacas, arguably the best breeder in the United States. Further, in 2016 we imported two elite females from New Zealand to enhance our breeding program. We are very excited about the results we are getting from the Snowmass males over our Celtic Triumph females. With alpaca fleece positioned as a luxury natural fibre, we realise the importance of focusing on the key attributes that reinforce this positioning—high lustre, softness and silky soft handle. In our breeding program we select for high fleece weights, strong crimp definition, ultra-soft handle, long fibre length and brightness. Located in an area with lush pastures and an ideal climate for alpacas, you can be reassured that when you buy ultrafine or fine animals from us you are getting robust animals with genetic (not environmental) fineness.

Precision Alpacas—Precision Alpaca Group, located in the picturesque Macedon Ranges of Victoria, is the culmination of five studs: Bardella Park, Cuzco, Precision, Shanbrooke and Yenaminut. Within each of these studs lies years of genetics advancement and breeding experience, combining to bring together the best genetics Australia has to offer in white and coloured Huacaya.

Towarri Alpacas—Established in 2004 in the Upper Hunter. Our aim through the SRS breeding program is to increase density, fibre length, and crimp definition which leads to low micron and higher fleece weights. We have achieved this by using our own sires, Artic Star and Flowerdale Proventor, as well as other recommended SRS sires. Our main lines are whites and light fawns but we also have an interest in breeding a small number of quality coloured animals.
