Breeders Choice Alpaca Auction

Since 2013

Welcome to the 6th annual **Breeders Choice Alpaca Auction**— an annual event not to be missed on the Australian Alpaca Calendar. **This year is the most exciting to date** as we have **more Vendors and more Alpaca Lots, meaning more Selections & more Genetics on offer than ever before**. This allows you as a buyer to have unique access to a diversified range of Alpacas all in one convenient location like never before! Think of the variety in genetics, the range of fleeces & styles, and the different coloured selections which will make complementary additions to your herd. Perfect options for the new or experienced breeder—there is something for everyone.

This year, we welcome Vendors from WA, Vic & NSW making the auction a National event. 23 Breeders Australia wide have especially selected & made available for your purchase at auction a total of 71 Lots. Be assured these alpacas are presented to sell at this auction.

These Breeders, all active participants in the Australian Alpaca Industry, represent a community of people who are passionate about what they do and wish to share this passion and support others in the industry, new or old breeders. **BCAA offers everyone an ideal opportunity to purchase sort after genetics at reasonable prices**, plus this a great opportunity to network and gain invaluable knowledge from experts in the field. Make sure you don't miss an important opportunity such as this!

All Lots, some unreserved and others with very sensible reserves, are presented at this auction to sell. You will find everything from diversified genetics with quality fleece production, White to Black and some with spots, beautiful temperaments, stud sires & potential stud sires, 3-in-1 packages, established breeding females and everything in between.

Come on auction day to inspect, meet some new faces, chat with old friends, learn something new and make some exciting alpaca purchases.

**Venue: Peden Pavilion — Goulburn Showground (Under cover)
47-131 Braidwood Rd, Goulburn**

Support & Sponsorship for 2018 Breeders Choice Alpaca Auction

**Thanks to
Hunter Alpaca Stud & The Vendors**

Lot 1. Walkley Field Celtic Rhaine**S White Female****IAR: 227863****DOB: 23/10/16**

Rosedean Saynora SW
Sire: Futura Kitthawk SLF
 W'song Valley Kityama SLF

Prestige Valentino SW
Dam: Belbourie Rhapsody SW
 M. Bank Revival Rach SW

Mated: Pregnant - Bumble Hill Moonraker LMD 15/5/18**Fleece: Sep 17— M: 19.3 SD: 3.9 CV: 20.2 CF: 98.8% Cur: 37**

Beautiful frame with a lovely soft handling fleece. A mid-density female with a more advanced style courtesy of her Champion Sire, Futura Kittihawk. Her Dam is the beautiful Belbourie Rhapsody who passes on a lovely lustre from Meadow Bank Revival Rach. The mating with Moonraker (tested skin density of over 65) should provide an exciting combination.

a/c. Walkley Fields—Unreserved**Lot 2. Goldleaf New York New York****S L Fawn Female****IAR: 216453****DOB: 28/10/17**

Faversham Armani SLF
Sire: Faversham Broadway W
 Faversham Charlotte SW

Blackgate Lodge Snowmaster SW
Dam: Stansfield Park Kalista SW
 Stansfield Park Gaea SW

Mated: N/A**Fleece: TBA**

This compact young female has numerous National Champion stock in her lineage. She has a show quality fleece and the attributes that any serious fibre producer will benefit from. Long stapled, compact fibre bundles with even style throughout. Inspection is a must.

a/c. Goldleaf —Reserved**Lot 3. Goldleaf Maybe She Born With It****S White Female****IAR: 227712****DOB: 29/5/17**

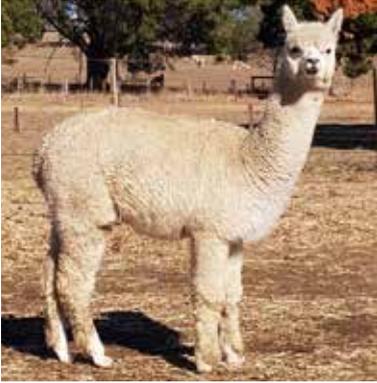

Faversham Armani SLF
Sire: Goldleaf Nobility SLF
 Qualap Elly SW

Hillside Gardens Napoleon SW
Dam: Banksia Park GRXN Asma Miss SW
 BP Incan Goddess ET SW

Mated: N/A**Fleece: Nov 17—M: 14.6 SD: 3.9 CV: 27.3**

A female with fleece expected of her sire—Nobility was National Champion Junior Male in 2012 and keeps producing the goods. If his daughters are anything like his female line they will be a great addition to your future breeding herd. Limited access to these genetics given several generations of Western Australian bloodlines.

a/c. Goldleaf —Reserved

Lot 4. Alpha Centauri Aurorah**S M Fawn Female IAR: 218764 DOB: 25/4/17**

Alpha Centauri Vyper W Adori Accoyo Altaz SW
Sire: Alpha Centauri Addixion SW **Dam:** Adori Alkira LF
 Alpha Centauri Adeliah SW River Ridge Rainstorm SW

Fleece: Sep 17—M: 16.9 SD: 4.2 CF: 100%

A compact female with an extremely fine fleece with good character and style. She is offered unmated and ready for joining to your male of choice.

A rare offering as we do not normally sell Addixion sired females and this girl is well worthy of consideration.

Half price mating to any of our males (agistment fees apply).

a/c. Alpha Centauri—Reserved

Lot 5. ElySION Dominique**S White Female IAR: 189296 DOB: 4/1/13**

Purrumbette Brigantine W Encantador Sir Lancelot SW
Sire: Benleigh Lorimer SW **Dam:** ElySION Lalique SW
 Benleigh Lima SW ElySION Angelique SW

Fleece: Oct 15—M: 22.8 SD: 5.0 CF: 91.8%

Oct 16—M: 22.9 SD: 5.5 CF: 90%

Sep 17—M: 23.6 SD: 5.5 CF: 88.7%

A prolific producer of quality progeny for us. She currently has a Jupiter sired male cria at foot who is showing all the hallmarks of his 11 x Supreme winning sire. Worth purchasing just to get your hands on this young male.

Half price mating to any of our males (agistment fees apply).

a/c. Alpha Centauri—Reserved

Lot 6. Alpha Centauri Cherrae**S White Female IAR: 202987 DOB: 20/2/15**

Benleigh Lorimer SW Shanbrook Society Class Act SW
Sire: ElySION Jupiter SW **Dam:** Alpha Centauri Conchessa LF
 Benleigh Jubilation SW Lotus Dream Star Jasmine SW

Fleece: Oct 15—M: 19.6 SD: 5 CF: 96.4%

Oct 16—M: 19.8 SD: 4.3 CF: 96.8%

Sep 17—M: 19.9 SD: 4.2 CF: 96.85%

This girl is from some of our best genetics. A Jupiter female from a Class Act mother. This is the basis of some of our best breed stock. Just look at the stability of those fleece stats. Only .3 of a micron movement in 3 years of shearing. One for the discerning breeder. She is offered unmated.

Half price mating to any of our males (agistment fees apply).

a/c. Alpha Centauri—Reserved

Lot 7. Jennjoley Galilee**S White Male****IAR: 214124 DOB: 29/12/16**

Cedar House Bojangles SW Elysion Jupiter SW
Sire: Jennjoley Fiorente LF **Dam:** Alpha Centauri Crysten W
 Mount Hercules Phebe SW Alpha Centauri Contessa LF

Certified Male 21/05/18

Jennjoley Galilee is a true to type male with a deep amplitude crimp fleece style on a beautiful frame. He is half brother to our Multiple Supreme Champion, Jennjoley Braveheart and out of our Supreme Champion Jennjoley Fiorente. Due to holding both our stud males genetics, he is excess to our needs. Galilee will be an asset to someone wanting to put density, strong bone & type into their herd. Great temperament & Great Genetics.

a/c. Jennjoley—Reserved**Lot 8. Jennjoley Malua****S White Female****IAR: 214127 DOB: 13/4/17**

Cedar House Bojangles SW Shanbrooke Accoyo Invincible SW
Sire: Jennjoley Fiorente LF **Dam:** Jennjoley Crystabelle SW
 Mount Hercules Phebe SW Jennjoley Crystal Rose LF

Malua is a beautiful young female that has a great solid strong frame and carries a deep amplitude crimp fleece style. With a Supreme Champion winning Sire and Grand-sire, she has a great strong set of genetics in her background, including Shanbrooke Accoyo Invincible & Wind-song Valley Iceman. Malua is a ribbon winner from our show team that we are auctioning to get Jennjoley's name out into other herds.

a/c. Jennjoley—Reserved

Jennjoley Alpacas is a family run farm with a passion to breed the best! We are very involved in the alpaca industry & really enjoy the social aspect of alpaca shows.

We are constantly striving to improve on our genetics & success in the show ring. Concentrating mainly on white, with a sideline of fawn and grey, we are situated in picturesque Orangeville. Our acreage backs onto bushland where the beautiful bellbirds serenade constantly & native wildlife is abundant. Jennjoley Alpacas has now extended themselves to The Rock, NSW, where John manages & runs the main herd.

Sharon 0410 461 343 & John 0433 438 199.

JENNJOLEY ALPACAS

Lot 9. Green Gully Heather**S M Fawn Female IAR: 221316 DOB: 10/12/16**

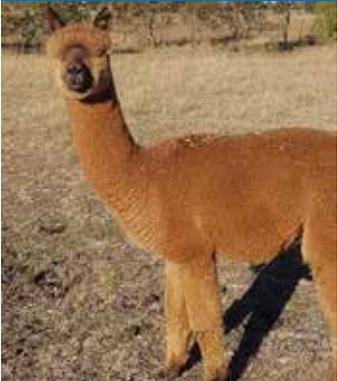

KOV Temptation MF Wytterra Havati SLB
Sire: Green Gully Dynamo Rn **Dam:** Aingeal Ridge II Hannah MB
 Green Gully Roselle LF Wytterra Munchkin SDB

Mated: Maiden Female**Fleece: Sep 17—M: 21.0 SD: 5.1 CV: 24.7 CF: 95.9 CEM:9.5**

This lovely maiden female has consistently placed well at shows as a junior and more recently she achieved Champion Med/Dark Fawn female at 2018 Grafton Colourbration.

Heather would be an asset to any coloured breeding program.

a/c. Green Gully—Reserved

Lot 10. Green Gully Coconut**S D Fawn Female IAR: 221304 DOB: 13/4/16**

Helmsshore Manor Alberta

Mated: Open

Fleece: Nov 17—M: 15.7 SD: 3.5 CV: 22.1 CF: 100% Cur: 41.4
SL: 115 mm

An exceptional black female displaying the 'whole package' in an alpaca – fineness, density, curvature, staple length and conformation all top the charts. Cadomin is extremely well grown, solid framed and carries the genetics to pass these traits on to her offspring. Ready for mating to the male of your choice. Cadomin was not an easy decision to offer to the market.

Helmsshore Manor Pixie

Mated: Open

Fleece: Nov 17—M: 15.7 SD: 3.1 CV: 19.9 CF: 100% Cur: 47.1

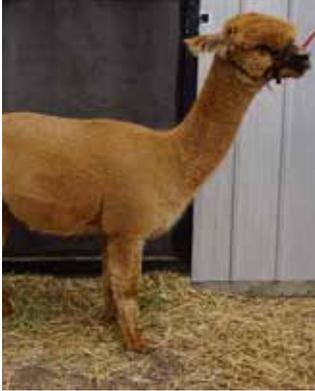

Paris is an outstanding young female exhibiting an extremely dense, ultrafine highly structured fleece type with a very soft handle. She is from our top line of breeding females and she is related to the last two females we sold in previous BCAA for the number 1 females sold. Paris has an excellent genetic background featuring some of the top Supreme Champions and is presented open for your breeding program.

Patagonia's quest for Breeding excellence The journey continues ...

Since 1996, our quest at Patagonia has been to breed the ultimate elite Australian alpaca. With alpaca fleece positioned as a luxury natural fibre, we realise the importance of focusing on the key attributes that reinforce this positioning - high lustre, softness and silky soft handle. In our breeding program we select for these traits as well as high fleece weights and strong crimp definition.

To further our path towards breeding elite Australian seedstock alpacas, we have invested significantly over the past few years in importing unique genetics from Snowmass Alpacas - arguably one of the best breeders in the United States.

With our long term interest in fawn genetics we felt privileged to be able to purchase Snowmass Velveteer in our our 2017 shipment. We choose this male for his extraordinary fleece length, uniformity, density, fineness and brightness. We also appreciated his calm temperament and his compact frame. His most recent fleece stats (2017) are very impressive. At his fifth shearing (in Australia) he was 18.9 μ , 4.4 SD and 99% CF. He has also establishing s strong reputation in the US with progeny conceived before his export to Australia. We are also hearing wonderful descriptions of the fleeces from his progeny currently shorn at Snowmass.

Snowmass Velveteer - 2016

Patagonia VV Blizzard's newly born fleece

Patagonia VV Blizzard

Finally we must mention Snowmass Absolut Temptation, who has everything we are looking for in a white male, lustre and soft handle, fineness and density and long staple length. He is heavy boned, has the presence of a champion and an easy going temperament.

Over the past few years, Colourbration/Spectacular has provided us with a great venue to share our Patagonia - Snowmass story. We will be there again in 2018 with Snowmass progeny for people to view including our first Velveteer crias. See you at Spectacular!

Talk to us about mating packages to Snowmass Elite Transcendence & Snowmass Royal Kahuna

Over the past few years we have been busy breeding our Celtic Triumph females to Elite Transcendence and Royal Kahuna. Our aim has been to layer into our pedigrees the attributes we breed for including high lustre, evenness and softness. Also during this time we have shared these Snowmass genetics through a limited number of mating packages.

Now you can see in the show ring the progeny from Elite Transcendence and Royal Kahuna. Patagonia Elite Grantham and Milduck Uluru show just what these Snowmass genetics have brought to the Australian alpaca scene.

What's striking about Elite Transcendence is the brightness, soft handle, deep crimp, staple length and outstanding consistency of his superfine fleece packed onto an imposing frame. Royal Kahuna's silky white fleece is superfine, bundling, deeply crimped and bright with good staple length. Given half his pedigree is coloured he is making a significant impact across coloured females and select white females.

Milduck Uluru by
Royal Kahuna

Patagonia Elite Moritz
by Elite Transcendence

Patagonia Elite Grantham
by Elite Transcendence

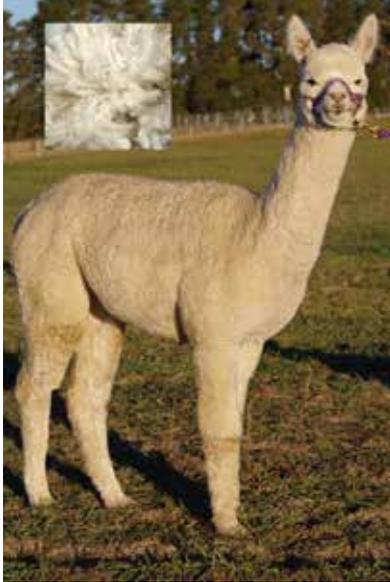

Snowmass Elite Transcendence and Snowmass Royal Kahuna remain available for outside use. You too can share in these unique Snowmass genetics with our value stud service packages. Choose your favourite male or try a combination of both males in your package.

Single mating \$1,500*

Pack of three matings \$3,900*

* On farm matings at Meadow Flat. Mobiles by negotiations.

Lot 39. Patagonia Celtic Cabaret ET**S White Female****IAR: 217971 DOB: 17/4/16**

Shanbrooke Accoyo Tulaco SW Shanbrooke Shere Excellense SLF
Sire: Patagonia Celtic Triumph W **Dam:** Patagonia Chanteuse SW
 Patagonia Celtic Rose SMF Hunter Chantilly SW

Mated: Snowmass Elite Transcendence SW, LMD 21/5/18
Fleece: Nov 17—M: 17.4 SD: 3.2 CV: 18.2 SF: 16.5 CF: 100%
 Cur: 46.7

Our one and only STAR lot for this auction is Celtic Cabaret ET, a beautiful white female from one of our last ET programs with our legendary Sire Patagonia Celtic Triumph. Sadly, there will be no further TR daughters created, so their release will be quite limited over the coming years. Cabaret has a very bright, high frequency crimp and extremely soft handle. What is notable about her fleece is that the spin fineness has only barely shifted since her 1st fleece when it was 16.1 μ .

Joined to our 'senior' white imported male Snowmass Elite Transcendence who brings a lustrous, long fleece and a well-define crimp on an imposing frame, Cabaret represents a great opportunity to add both outstanding and unique genetics to your breeding program. Take the time to look back through her pedigree and you will see a host of champions on both the female and the male side of her pedigree.

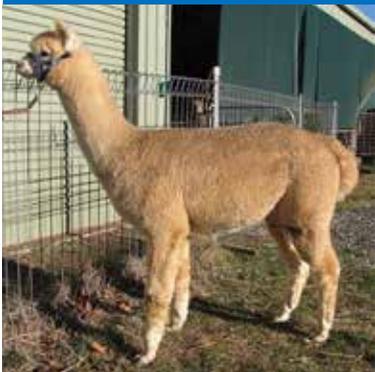

Celtic Cabaret ET presents discerning breeders with a rare opportunity to share in a unique mix of genetics.

MOST SUCCESSFUL NSW BREEDER SYDNEY ROYAL ALPACA SHOW 2018

Walkley Fields Alpacas has been in operation for over eight years, with properties located in the Hawkesbury district at the foothills of the Blue Mountains, and Meadow Flat just west of the Great Dividing Range.

Walkley Field Glad Rags

Champion Junior Female Sydney Royal (2018)
Champion Junior Female Gunning (2018)
Champion Junior Female Camden (2018)
Champ Intermediate Female Bathurst Royal (2018)

Walkley Field Perfect Melody

Champion Adult Female Sydney Royal (2018)
Champion Adult Female & Best Light Fawn Camden Show (2018)
Supreme Light Fawn Hawkesbury Show (2018)
Reserve Champ Adult Female Bathurst Royal (2018)

Our breeding strategy is based on collecting accurate scientific data, shearing statistics and establishing what traits individual animals are prepotent for through progeny testing. Each sire is skin tested to establish density, the ratio of primary to secondary fibres, and the difference in micron between the coarser primary fibres and the softer secondaries. We have successfully bred a number of animals where the primaries are only a few micron away from the soft secondaries. As a result, we are producing a softer & silkier cashmere style fleece with a typically bolder style of crimp.

Walkley Fields are proud that these genetics are making a statement in the show ring. 2018 has been a great year with multiple champions in

the White, Light Fawn and Med/Dark Fawn classes. Highlights have been 2 Supreme animals and 2 Supreme Fleeces, with multiple colour champions in the White and Fawn classes. Also Junior Female Champion and Champion Adult Male & Female at the Sydney Royal Show. Walkley Fields were awarded Most Successful NSW Exhibitor at the 2018 Sydney Royal Easter Show.

We were particularly proud that animals successful in the ring were also winning fleece accolades. The highlight had to be Forestglen Catalyst with the sought after double at the Hawkesbury Show, Supreme White Animal and Supreme White Fleece.

We are proud to offer a select number of animals at the Breeder's Choice Auction

Lot 52. Millpaca Ricco Netta Et

S M Brown Female

IAR: 220767

DOB: 16/4/16

Warramunga Downs Paladin SBK Patagonia Celtic Triumph Wt
 Sire: Nocturne Riccochet SBK Dam: Patagonia Celtic Veneta Et SLB
 Yalin Sheba SBK Patagonia Midnight Sun Et SDB

Mated: Comes with a mating of your choice to most Millpaca males

Fleece: Oct 17— M : 18.6 SD: 3.8 CV: 20.4% CF: 99.3%

Extremely soft handling fleece on this beautiful girl. Great density of high frequency crimp that is fine and lustrous when opened up. She has a well proportioned frame and a true to type huacaya head which is one of the reasons she was awarded 1st place at the 2017 Sydney Royal Show.

a/c. Millpaca —Reserved

Lot 53. Malakai Adonis

S D Brown Male

IAR: 218381

DOB: 24/12/16

Jolimont Warrior SW Alpacaspecialist War Lord SDF
 Sire: Blue Grass Star Warrior SLF Dam: Softfoot Lady Adore SDF
 Blue Grass Star of Tulangi SLF Bonnie Park Barbie

Fleece: Oct 17— M: 18 SD: 4.2 CV: 23.3 CF: 99.6%

A young male rearing to start work and to pass on his dense, highly aligned fleece. His upright and straight conformation is the perfect canvas to display his stunning fleece.

Being a son of Blue Grass Star Warrior and his true to type huacaya head, this young man has immense potential as a stud male.

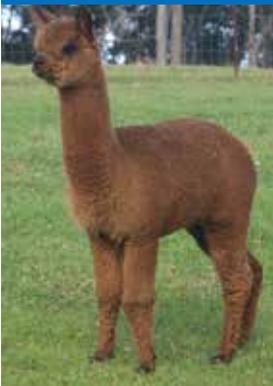

a/c. Millpaca—Reserved

Lot 54. Malakai Eliza

Comes with Roan male cria at foot Sired by Eaglewood Maximus (DOB 10/3/18, IAR 236567).

a/c. Eaglewood—Reserved

A Note From The Breeders...

Adorable Alpacas / Eaglewood Alpacas—Eaglewood Alpacas at Murrumbateman have been established since 2005 & aims to breed fine, well-grown alpacas that produce beautiful wool. We focus on both whites & colours—especially greys. Eaglewood has enjoyed considerable success in the showring over the years. Always trying to improve, we have recently added Sires to our herd including Vista Del Nunca—Supreme Champion from the 2017 Nationals.

Alpha Centauri Alpacas—Specialising in White & Light Fawn Huacaya. By careful selection of alpacas with exceptional genetic backgrounds we produce quality alpacas with breeding predictability and sound conformation; growing a distinctive fleece which is highly sought after in both breed and commercial fleece industries.

Cedar House Alpacas— Cedar house has been establishing since 1989. This years offering represent quality genetics from top class Sires & Dams, representative of lower primary fibre production and lower micron. We look forward to assisting you in your future with these animals.

Elsendale Alpacas— Elsendale Alpacas is a small boutique alpaca stud— established nearly 20 years ago which specialises in breeding quality coloured alpacas.

Faversham—Long term successful breeders of National Champion winning stock. They have always focused on their genetic lines that have the longevity of well nourished superfine fibre. Highlighted genetics within their herd that have made a significant impact include Faversham Armani and his son Faversham Broadway.

Forestglen Alpacas— Established for over 20 years, located near picturesque Millthorpe in the high county of the NSW Central Tablelands, and run by 3 generations of the Carey/Staples family. We focus on white and fawn fleece production and have won Sydney Royal Supreme Fleece 8 times (most recently in 2017). We have twice sold elite medium fawn huacaya in the AAA National Auction. Stock offered in the BCAA represent an ideal opportunity to obtain our unique bloodlines.

Goldleaf Alpacas—Grey, White, Quality. Goldleaf is focused on breeding quality grey or white huacaya alpaca. Although the stud's genetics are consistently awarded at a national level, Goldleaf continues to strive for further improvement with commercial fibre attributes at the heart of breeding decisions.

Green Gully Alpacas—We started in 2005 and our love and fascination with these unique animals continues to grow. Our herd of 100 Huacayas thrives in the New England climate and we are proud of the quality of alpacas that we are producing and offering for sale. The ongoing health and wellbeing of our alpacas is most important to us, so we are very happy to provide ongoing advice and support.

Helmshore Manor Alpacas—Helmshore Manor has been breeding alpacas since 2002 and focus on breeding coloured alpacas that carry fineness, dense, crimped fleece exhibiting the 'whole package' using the highest quality genetics.

Hunter Alpaca Stud—Since 1994, producers of huacaya and suri, predominantly specialising in whites, but have not overlooked our coloured alpaca herd. Many of our bloodlines have been obtained via our trips to South America, thus adding elite advancement to our herd. Producing alpacas with solid, correct frames, uniform crimp exhibited on highly aligned long staples, extremely bright fleeces of high fibre weight, but maintaining fineness with minimal primary fibre. Over many years our breeding

A Note From The Breeders...

Hunter Alpaca Stud (continued)— has produced and gained us high level results for both our animals and fleeces. Known throughout the world for our breeding, we are honoured to once again offer you a selection at this auction.

Kia Ora View— Breeders of dense, fine huacaya using genetics that have been proven in and out of the show ring. Now retired from the farm, we are still focused on producing an elite small herd, with attention to fibre length, crimp, fineness, lack of guard hair and handle.

Jennjoley— A successful small stud concentrating on fineness, style & density; White Fawn & Grey alpacas.

Lillyfield Alpacas—Breeding Generations of Champions with long term fineness, commercial fibre length, great capacity and substance of bone. Focusing on fawns but excelling in breeding exceptional whites.

Marchmont Park— Marchmont Park has been breeding Huacayas for 13 years, both whites & colours. We have had success in the showing & endeavour to breed for quality fleece, correct conformation & sound temperament.

Millpaca—While our interest in the industry & love of alpacas began over a decade ago, our serious commitment to genetically pure best-of-breed propagation commenced in 2007. The Millpaca Stud's overall aim is to produce the perfect mix of conformation, bone density, low micron fleece and a lowered SD. While maintaining excellent lustre & retaining good handling traits, as well as increasing the amount of fleece that can be sheared from each animal commercially, for those who manage flocks fulltime & committed hobby farmers to.

Monga Alpacas— Most successful fleece exhibitor Canberra Show 3 years running. Now offering a stunning male by Monga Khan (multiple awards Supreme Champion fleece), a young female by Khan and two mums each mated to Khan with their cria sired by Khan's father, Belbourie Titan.

Monteagle— Although not exhibiting at shows now, we are breeders of Supremes & multi-Champions (animal & fleece). We are a small stud but we have layered big bloodlines, selectively breeding, since 1998, for sound conformation and dense, crimp, soft-handling fleece with long-term fineness. We are very proud of our animals. Share our success. Share our enjoyment. Contact us to visit & see our other animals.

Nurrenyen— Nurrenyen Alpacas has been breeding white and light fawn huacaya alpacas since 2008. We use the SRS breeding system to produce well conformed alpacas with commercially valuable fleeces.

Pacanalla— Pacanalla has been running a small herd specialising in black Huacaya for the past 5 years; using diverse genetics to improve frame and fleece structure for a strong black fibre future.

Patagonia Alpacas—Since 1996, our quest at Patagonia has been to breed to ultimate elite Australian alpaca. With alpaca fleece positioned as a luxury natural fibre, we realise the importance of focusing on the key attributes that reinforce this positioning—high lustre, softness and silky soft handle. In our

A Note From The Breeders...

Patagonia Alpacas (continued)—breeding program we select for high fleece weights, strong crimp definition, ultra-soft handle, long fibre length and lustre. To further our path towards breeding elite Australian seedstock alpacas, we have invested significantly over the past few years in importing unique genetics from Snowmass Alpacas—arguably one of the best breeders in the United States. We now have progeny from both our 2015 and 2017 shipments and are very excited about the results we are getting from using our range of Snowmass males over our Celtic Triumph females.

Rugosa Park— Established in 2006, we had the advantage of starting with already advanced breeding stock. We continue to carefully select for fine, dense, long stapled & robust alpacas suitable for commercial quality fleece production.

Towarri Alpacas—Established in 2004 in the Upper Hunter. Our aim through the SRS breeding program is to increase density, fibre length, and crimp definition which leads to low micron and higher fleece weights. We have achieved this by using sires such as Towarri Artic Star and Forestglen Battle Hymn, and have now purchased Glenhope Hugo who has a follicle density of 68. Our main lines are whites and light fawns but we also have an interest in breeding a small number of quality coloured animals.

Walkley Fields— Specialising in White & Fawn alpacas. In operation for almost a decade, Walkley Fields has carefully selected unique genetics to establish the core of our elite breeding herd. Our strategy is focused on the collection of scientific data, shearing results & establishing the pre-potency of traits for each individual animal. Situated at properties located at the foothills of the Blue Mountains & Meadow Flat, just west of the Great Dividing Range.

Offered by Hunter Alpaca Stud & Goldleaf Alpacas

Goldleaf Nobility ET

Sire: Faversham Armani SLF

Dam: Qualup Elly SW

Nobility is the best male retained at Goldleaf stud. He is son of well proven Faversham Armani & exhibits the same evenness of style and micron throughout the entire fleece. He is out of one of the top donor females at Goldleaf and has numerous full siblings that have made their mark throughout Australia.

Goldleaf nobility has a show record very similar to his Sire, winning National Champion Junior Male & then continuing to hold his outstanding fleece attributes as he matures to remain very competitive in his age group at National level shows.

His progeny are continuing in his footsteps, with Goldleaf Vintage Burlesque awarded National Champion Junior Female in 2016.

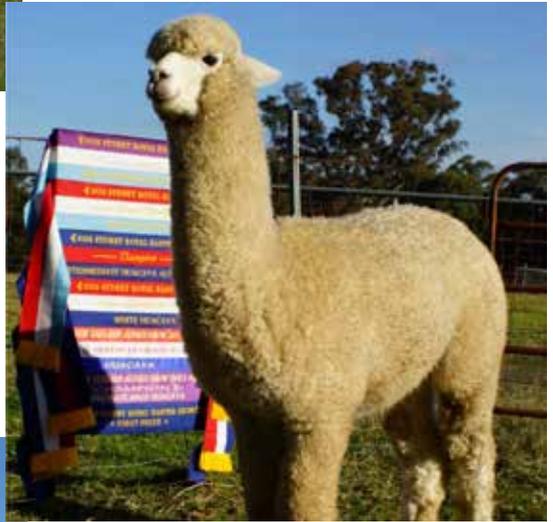

Nobility is available for limited outside services & is standing at stud in Albay, WA.
