## ALPHA CENTAURI ALPACAS

### Alpha Centauri Alpacos is a multi-award winning stud established in 2002

After almost 30 years combined service in the Australian Army, Andrew and Bronwyn established Alpha Centauri Alpacos in 2002. Andrew has held positions of committee member and President at AAA Regional level and was a member and Chair of the AAA Fibre Market Development Reference Panel.

Andrew is one of only a handful of qualified Professional Alpaca Wool Classers and he is very actively involved in the collection and classing of alpaca fibre for both Australian and international clients. Andrew is lucky enough to have his hands on over 100,000kg of both Huacaya and Suri fibre annually

Andrew and Bronwyn have managed their alpacas on properties in NSW and currently reside on their 175 acre farm at Warrenbayne in Victoria. We currently manage a breeding herd of over 300 alpacas consisting of both Huacaya and Suri. Our stud is consistently rewarded for our efforts at both regional, Royal and National Shows for animals and fleeces

Employed full-time off farm, we spend the rest of our time with the alpacas which is challenging and very rewarding. For us, alpacas are not just a business but a way of life and we enjoy the enormous amount of pleasure and reward that comes with owning, managing and breeding these beautiful and intelligent animals.

Andrew and Bronwyn are both AAA accredited judges and between them have been fortunate to have judged many of our top shows in every state in Australia. We feel extremely privileged every time we have the opportunity to judge both animals and fleeces and we are excited by the continued advancements in the quality of both.

Many of our alpacas in this catalogue are show stock or show quality stock from some of our best bloodlines. We hope you find something within the following pages of interest to add to your own herd and breeding programme.

Alpha Centauri Alpacos is a QAlpaca Herd 08/0281 PIC 3BEFK059

### Our Breeding Philosophy

By careful selection of alpacas with exceptional genetic backgrounds we produce quality alpacas with breeding predictability and sound conformation, growing a distinctive fleece which is highly sought after in both the breed and commercial fleece industries.

**Contact: Brett Fallon 0408 403 910 Email info@goldleafalpacas.com.au**

Greygum Alpacas

Trevis & Tammy Bird of Greygum Alpaca Stud have been in the industry since 1997. Our 170 acre property is situated at Kialla, 10 minutes south of Shepparton in the northern centre of Victoria, we share our love of Alpacas with our children Jack and Macey. We are smaller breeders with a herd of 100 animals of varied solid colours including white, fawn and brown. We have predominantly use EP Cambridge bloodlines which you will see looking through their family tree. We present our four girls to you today with confidence in their ability

to take your breeding into the future. **Greygum Alpacas are a Non Assessed Herd PIC 3SPPU226**

**Contact: Trevis Bird 0409 944 972 Email greygumalpacas@bigpond.com**

Hidden Lake is an Australian Alpaca stud, that specialises in breeding beautiful black suris. Hidden Lake was established by Steve and Sue Pate, who through commitment and careful selection, developed Hidden Lake into one of Australia's most respected black suri studs.

The new owners of Hidden Lake are Ian and Angela Preuss, (Surilana Alpacas), Viv and Romanie Blacker (Arachello - Coloured Suri Alpaca) and Trish Robb (Azzura). Together they are committed to continuing Sue and Steve's vision in taking Hidden Lake from strength to strength. We are proud of the fact that Hidden Lake suris have now been sold to New Zealand and UK breeders who are excelling with these genetics.

A 68 acre farm in the North East Victoria region. Koonapacas is now in its 8th year in the industry. We have diversified into all colours.

At Koonapacas it is very hands on with the alpacas. We do our own shearing and working with the alpacas. Even though we are only small in comparison to other alpaca breeders we are showing good results in the show ring. All enquires please contact Lou on 0408 579 022.

**Koonapacas Alpacas are a Non Assessed Herd PIC 3MIEU316**  
**Contact: Kerry Vitullo 0419 846 533 Email loukerry13@outlook.com**

Lillyfield was established in 1997, so 22 years of breeding experience - located near picturesque Bowning, just south of Yass on the Hume Highway. Owned and operated by Carolyn Austin and Geoff McGowan-Lay, we have 2 main agisters on farm Everlast Alpacas – Zak & Fiona (our kids) & Garibaldi Alpacas - Sue & Craig Hardy.

Our passion is fawn, but most of the herd is white – we even get some fabulous blacks & grey now & again. Each year we have been fortunate to achieve Championships & the occasional

Supreme award. Our breeding program is focused on low SD & maintaining a commercial length in our fibre – always on animals with solid frames & an attractive appearance. **Lillyfield Alpacas are a MN1 Herd. PIC NH622680**

**Contact: Carolyn Austin 0410 693 802 Email lillyfield@bigpond.com**

Elimbari Alpacas is located in the hills south of Queanbeyan NSW and specialises in breeding white suris for both the fleece industry and show ring. We have been breeding alpacas since 2002 and over the last several years have enhanced the quality of our suri herd by accessing some of Australia's top genetics both in sires and dams. If you would like to hear more about our alpacas, speak to Ros or Michael. **Elimbari Alpacas is a QAlpaca Herd 18/0504 PIC NI082479**

**Contact: Roslyn Davis 0409 829 122 Email elimbarialpacas@bigpond.com**

Manna-Gum Farm Alpacas have been breeding huacayas since 1992. Our primary focus has been to breed elite black alpacas, but inevitably we have produced all other colours in the effort to achieve our goals. More recently we have also been focusing out attention to our grey breeding program.

Throughout our alpaca journey we have produced a number of black champions and age champions and have strived to develop bloodlines that display advanced fleece styles, low micron and good density, while at the same time have true to type heads and good balance. We believe that the females are offering a selection of females that meet these goals.

**Manna-gum Farm Alpacas is a Non Assessed Herd PIC 3NGGF056**  
**Contact: Tracy Emerson 0427 592 388 Email mannagumalpacas@hotmail.com**

**Forthcoming Auctions.** Alpha Centauri Alpacas intends to convene an annual action around May of each year. If you wish to participate in future auctions please express your interest via email to us at [info@acalpacas.com](mailto:info@acalpacas.com)

# ALPHA CENTAURI REFERENCE SIRES

## ELYSION JUPITER

Solid White Male

IAR 94339

DOB 17/03/2006

Sire: Benleigh Lorimer

Dam: Benleigh Jubilation

- 11 x Halter **SUPREME** CHAMPION
- 20 x Halter CHAMPION
- 2 x Fleece CHAMPION
- 5 x Halter Reserve CHAMPION

Jupiter's 8th fleece

Jupiter joined Alpha Centauri Alpacas in 2011 after catching our attention with the exceptional brightness, density and structure of his fleece which is all packed on a great sturdy frame. This elite stud sire has an impressive show career and is an 11 time Supreme Champion. His ability to pass on his fleece characteristics and frame to his progeny has been proven in the show ring with his progeny being awarded **over 20** Supreme Championships. Jupiter has also sired over 100 Champion and Reserve Champion ribbons. Jupiter has been awarded 50 places in Sires Progeny. He was 1st and 3rd place for Sires Progeny at 2014 National and 3 out of the last 4 years at Sydney Royal. Jupiter took over the reigns from our foundation stud males - Shanbrooke Society Class Act and Woodland Chase Milagro. This high impact male is exceptionally well regarded and is deserving of his reputation as a stud sire of choice in the Australian Alpaca industry. Jupiter's ability to replicated himself time and time again is amazing. **Available for outside Stud**

## ALPHA CENTAURI KOMMISSAR

Solid White Male

IAR 173043

DOB 04/02/2011

Sire: ElySION Jupiter

Dam: Alpha Centauri Keoney

- **SUPREME** CHAMPION - Bathurst Royal 2014
- 4 x Halter CHAMPION
- 5 x Halter Reserve CHAMPION

Kommissar was an outstanding example of the cream of our breeding program.

The culmination of great genetics such as Benleigh Lorimer, Benleigh Bellissimo

and Jolimont Conquistador. A near carbon copy of his elite sire ElySION Jupiter and carries all his fantastic qualities. He was highly awarded at all levels of showing including National (Champion Senior Male 2014) Royal and Regional level. He was awarded Supreme Champion at the 2014 Royal Bathurst Show. Since a cria he has been affectionately known as 'The Little Lamb' due to his dense greasy fleece, chunky frame, skin rolls galore and the soft, silky rolls of skin across his nose. Kommissar had an extremely dense fleece which opened like a book and was bright white with an even highly aligned crimp structure. We have used Kommissar extensively in our breeding program. All of his offspring are showing the traits for which Kommissar is known. Brilliant brightness, density, high frequency crimp with a high degree of curvature. Sold to The Netherlands in 2014 he was unfortunately stolen off farm in 2016.

# ALPHA CENTAURI REFERENCE SIRES

## BLACKGATE LODGE SUNSEEKER

Light Fawn

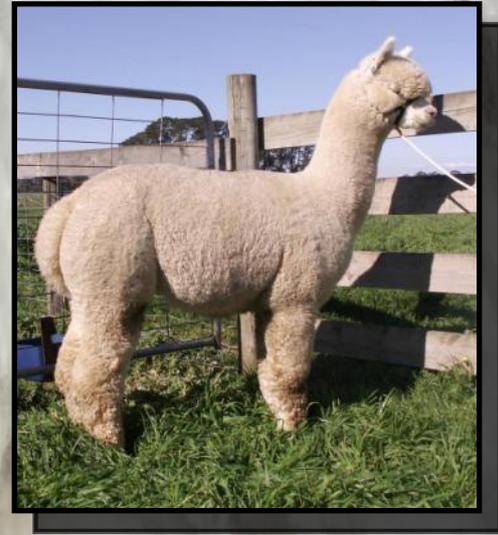

IAR 164394

DOB 18/11/2010

Sire: Camelot Tor

Dam: Blackgate Lodge Sonnette

- 5 x SUPREME CHAMPION Fleece
- 2 x BEST LIGHT FAWN Fleece
- 4 X CHAMPION Fleece
- 1 x RESERVE CHAMPION Fleece

Sunseeker is a 2 x **National Supreme Champion** for fleece. It doesn't get much better than that. He caught our eye back in 2015 and was on our radar since that time. Given the opportunity to purchase Sunseeker at the 2018 Rainbows End auction we weren't going to miss out. With an enviable pedigree including names like Camelot Tor, Shanbrooke Accoyo Tulaco, Jolimont Sculptor, ILR PPPeruvian Auzengate and Windsong Valley Royal Inca he was always going to rise to the top. We always felt that Sunseeker's high frequency, deep amplitude, super dense fleece with great handle was the next step for us and that it would compliment the styles of fleece being produce by Jupiter, Comanche, Vyper and Addixion. His first cria are due in Sept. He is **NOT Available for outside Stud Services**, so here is your chance to purchase quality females mated to a 2 x National Supreme Champion. \*Sunseeker is co-owned with Eulinya, Malakai and Whispering Gums Alpacas

## ALPHA CENTAURI KOLORADO

Solid White

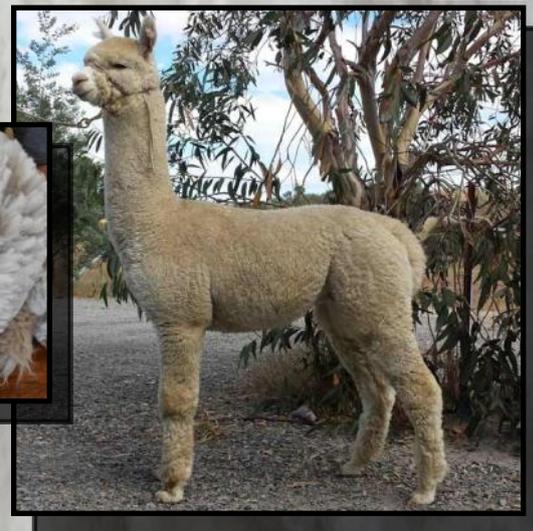

IAR 184083

DOB 08/12/2013

Sire: ElySION Jupiter

Dam: Elitealpaca Kalyani

- Supreme Champion, Best White, Champion Senior Male, Moss Vale 2017
- 5 x Champion
- 4 x Reserve Champion
- 1st Mature White Male 2018 Sydney Royal
- Highly Commended 2016 National Show

Kolorado is the spitting image of his sire ElySION Jupiter. He was born with an extremely greasy fleece very similar to that expect in the merino sheep industry. His conformation is unquestionable and he is extremely potent. Kolorado is now taking over a fair percentage of his sire's workload as Jupiter is now 13 years of age. Kolorado has progeny on the ground and there a some in this auction. He has an extremely dense fleece with excellent uniformity of micron and character and style. This extends well into the extremities. **Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIRES

## ALPHA CENTAURI KOMANDO

Light Fawn Male

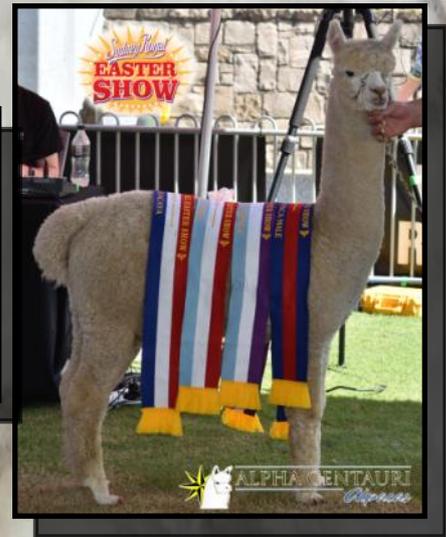

IAR 218665

DOB 19/12/2015

Sire: ElySION Jupiter

Dam: Elitealpaca Kalyani

- 4 x Halter SUPREME CHAMPION
- 9 x Halter CHAMPION
- 4 x Best of Colour

Kamando is an amazing example of our Jupiter progeny. He has been awarded Supreme Champion 4 times including the 2017 Sydney Royal. Kamando has a super dense fleece with a very deep amplitude fleece style. His first progeny are now starting to be born at Alpha Centauri and we could not be happier with the results. Kamando has the most placid nature and is always the first to greet you in the paddock. He is passing this onto his progeny with them being extremely curious and easy to handle. We are now using Kamando extensively in our breeding program and along with his full brother Kolorado they are now taking over the reigns from their elite sire ElySION Jupiter.

**Available for outside Stud Services**

## ALPHA CENTAURI VYPER

White Male

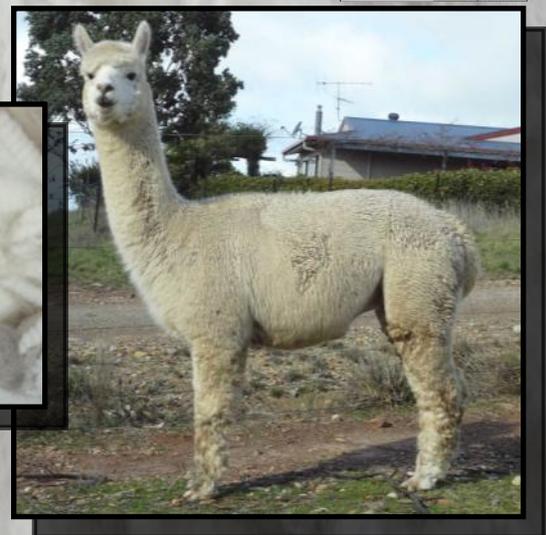

IAR 134876

DOB 09/08/2007

Sire: Shanbrooke Society Class Act

Dam: Molongo Xuanzong

- 2 x Halter CHAMPION
- 2 x Halter Reserve CHAMPION

Vyper is a compact male with a dense, crimped fleece. He was awarded Champion Junior Male at the Sydney Royal and Hawkesbury Shows in 2008. Vyper is the best of our Class Act breeding and has taken over from his exceptional stud sire in our breeding programme.

Vyper sires progeny with exceptional density and a distinct lack of visible primary fibre. He has produced outstanding results when joined to Jupiter progeny. He consistently produces colour when joined to coloured dams. We are amazed with Vyper's ability to significantly reduce the micron of primary fibre in his offspring. His progeny have exceptional handle because of this and we use him regularly for this purpose.

**Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIRES

## LONGUEVILLE PARK MADIBA

Solid True Black

IAR 184466

DOB 26/02/2012

Sire: Koorana Park Black Knight

Dam: Tanj Nina

- 6 x SUPREME CHAMPION
- 9 x BEST BLACK
- 9 X CHAMPION
- 5 x RESERVE CHAMPION

We are extremely proud to be the current owners of Madiba. Breed by Liz and Rosemary at Longueville Park alpacas and shown extensively by them he caught our eye way back in 2014. When presented with the opportunity to purchase Maddie and add him to our stable of stud sires we jumped at the chance. Madiba joined us in late 2018 and since that time has covered a number of our females both dark and light coloured. We are extremely confident in Madiba's ability to throw True Black cria with no colour contamination. We have seen many of his cria and they are all VERY BLACK. Madiba has his first cria being born in Sept 2019 and we will be offering a very limited number of these cria for sale.

**Available for outside Stud Services**

## ALPHA CENTAURI ADDIXION

Solid White

IAR 173050

DOB 19/03/2011

Sire: Alpha Centauri Vyper

Dam: Alpha Centauri Adeliah

- CHAMPION 30-48 months Fleece Sydney Royal 2014

Addixion has proven himself time and time again with the standard of the progeny he produces. Whilst he hasn't been shown much due to his poor show ring behaviour, he has the fleece qualities that we want to inject into our breeding program. Since a cria he has had an extremely heavy, greasy fleece with an exceptionally deep and bold crimp along with a long staple length.

Addixion regularly gets the pick of the bunch from our elite females. He has produced numerous Champions. We are extremely pleased with how he has influenced our breeding program and we have found him to be extremely complimentary to our Jupiter and Comanche breed lines.

**Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIRES

## ALPHA CENTAURI COMANCHEE

Light Fawn Male

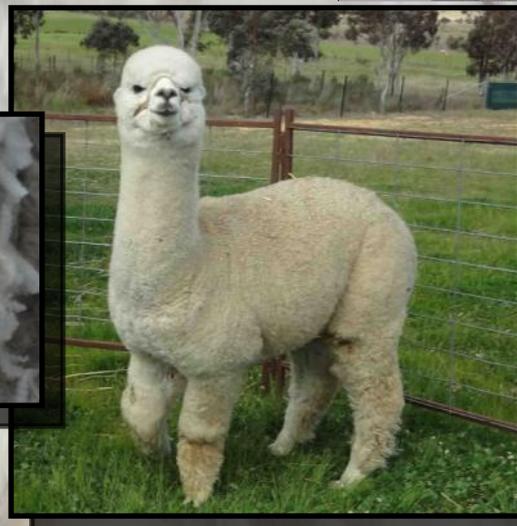

IAR 162809

DOB 11/03/2010

Sire: Woodland Chase Milagro

Dam: Alpha Centauri Shanoa

- 4 x Halter CHAMPION
- 2 x Halter Reserve CHAMPION
- 3 x Fleece CHAMPION

Comanchee has a knockout pedigree which includes EP Cambridge Peruvian Maximus, Adori Accoyo Altaz, NWA Ltd Ruffo & Jolimont Warrior. His sire Woodland Chase Milagro and dam Alpha Centauri Shanoa have both had extensive show careers and Comanchee has followed in their footsteps. Shanoa is one of our best and consistent breeding females. His fleece was awarded Champion Light Fawn at Sydney Royal 2013 and 2015 and Reserve Champion 30-48 mths White at the AAA National Show 2013. Comanchee is a well grown male with a 'look at me' attitude and great conformation. He has a dense fleece which displays a highly aligned, deep, very high amplitude crimp. We have used Comanchee extensively in our breeding program. He has produced stunning cria which are highly complimentary to our Jupiter and Class Act line of breeding. **Available for outside Stud Services**

## BEDROCK SENTINEL

Light Fawn Male

IAR 155311

DOB 21/04/2009

Sire: Blue Grass Centurion

Dam: Windsong Valley Summer Snow

- **SUPREME CHAMPION LIGHT FAWN - SNSWR**  
Colourbration 2012
- 4 x Halter CHAMPION

Sentinel has an enviable pedigree with Blue Grass Centurion, Jolimont Warrior, Jolimont Conquistador & Purrumbete Ledgers Dream, that's just on his sire's side. On his dam's side is Windsong Valley Summer Snow and Peruvian Sonoma.

He has had an extensive show career and has been placed well at National, Royal and Regional level. He was awarded Supreme Champion Light Fawn at the Southern NSW Region Colourbration in June 2012. His fleece has been awarded Champion 18-30 mths White at the Sydney Royal 2012 and a 1st 12-18 mths Light Fawn at the AAA National Show in 2011. He is a good natured male sporting a stocky, strong frame, a very dense fleece with highly aligned, high frequency crimp. **Available for outside Stud Services**

# ALPHA CENTAURI REFERENCE SIREs

## ALPHA CENTAURI GUNS N ROSES

Solid Medium Brown

IAR 218656

DOB 16/11/2015

Sire: Alpha Centauri Addixon

Dam: Alpha Centauri Myamee

- 4 x BEST BROWN
- 2 x RESERVE CHAMPION

Guns N Roses has faultless conformation, frame and substance of bone. Gunny is an upcoming stud sire of the future and we have just had his first cria which is a top quality male from one of our coloured females. Gunny has amazing density and length of fleece staple. His fleece has an exceptionally soft handle displaying excellent uniformity of micron, character and style right across his frame. A beautiful deep brown coloured fibre of great length for age of growth. He has a fantastic nature and is a gentle, easy to handle male. His stunning attributes have been well recognised in the show ring.

**Available for outside Stud Services**

## YARINGA JUMEAU

Solid True Black

IAR 211423

DOB 27/02/2016

Sire: Classic Darkness Before Dawn

Dam: Yaringa Porcelain Doll

Jumeau was selected by us to add to our coloured breeding program in 2017.

Jumeau currently has his first cria arriving at Alpha Centauri and they are exceptionally black with excellent handle and fleece length. Jumeau will work alongside Madiba in our coloured breeding program and we are confident in Jumeau's ability to produce solid black progeny due to his almost completely black pedigree. Jumeau has an excellent temperament and we are already seeing this being passed on to his progeny.

**Available for outside Stud Services**

Lot 1

# ALPHA CENTAURI SUGAR RAE

## Solid White Huacaya Female

IAR 218690 • DOB 10/3/2016

Unreserved

Benleigh Lorimer

Alpha Centauri Outlaw

**Sire: ElySION Jupiter**

**Dam: Alpha Centauri Sunrae**

Benleigh Jubilation

Alpha Centauri Suncica

### Fleece Stats

2018: 19.4 mic, 4.4 SD, 22.6 CV, 97.8 CF

Sugar Rae comes from one of our Superfine breeding lines (Suncica) with her Grand-Dam still holding a 21 micron fleece at 11 years of age and her Dam Sunrae 19.8 micron on 6th fleece. With her current mating to Sunseeker she is an outstanding proposition for the breeder looking to advance their herd with elite, superfine genetics. Her Dam Sunrae is also for sale by us in this auction.

Sugar Rae is currently mated to Blackgate Lodge Sunseeker LMD 17/12/2018 with pregnancy TBC

Sire  
ElySION Jupiter

Mated to  
Blackgate Lodge  
Sunseeker

Lot 2

# ALPHA CENTAURI KAILAH

## Solid White Huacaya Female

IAR 218788 • DOB 27/12/2017

Unreserved

ElySION Jupiter

ElySION Jupiter

**Sire: Alpha Centauri Kolorado**

**Dam: Alpha Centauri Kyesha**

Elitealpaca Kalyani

Alpha Centauri Kamilah

### Fleece Stats

2018: 16.9 mic, 3.6 SD, 21.4 CV, 100% CF

Kailah is a compact female with a double dose of Jupiter in her pedigree. She carries a highly aligned, medium frequency crimp style displaying very good density. She goes back to our Milagro line of females through her Grand-Dam Kamilah. Her Dam Kyesha has been exported to overseas buyers.

Her fleece stats are outstanding with a 3.6 SD evidence of the uniformity of the micron of her fleece at a superfine 16.9

Sire  
Alpha Centauri Kolorado

We recommend mating  
Kailah to Addixion

Lot 3

# GOLDLEAF CHECK POINT

**Medium Grey Male**

**Sire: Alpha Centauri Comanchee**     **Dam: Alpha Centauri Damicah**

Alpha Centauri Shanoa

Alpha Centauri Danniella

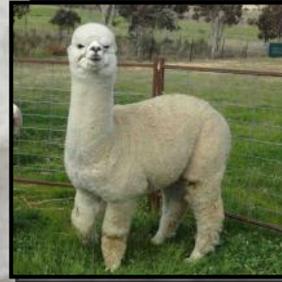

### Fleece Stats

2018: 16.9 mic, 3.6 SD, 21 CV, 100% CF

We are very impressed with the softness of handle in this young male. He has a strong frame and is growing out well. With an excellent genetic pedigree he would be an asset to any breeding program. It is unfortunate that we are not able to utilise to quality males like Damario in our future breeding.

Just check out those fleece stats and in particular that SD. The uniformity of micron that these boy has across his frame is remarkable

Certification is guaranteed by us

Shanbrooke Society Class Act

ElySION Jupiter

**Sire: Alpha Centauri Vyper**     **Dam: Alpha Centauri Missteria**

Molonglo Xuanzong

Flying Colours Miss Charmer

### Fleece Stats

2018: 17.9 mic, 3.6 SD, 20.2 CV, 99.8 CF

Misdemeanor is a perfect example of what Vyper can do with females in regards to the lowering of primary fibre diameter. Misdemeanor has excellent staple length and brightness of fleece. He has impressive fleece stats. His conformation is very reminiscent of the solid bone and depth of body of his stud sire. He has already shown interest in getting to work.

Certification is guaranteed by us

Garibaldi Eden

### Fleece Stats

2018: 18.7 Mic, 3.7 SD, 19.5 CV, 99.3 CF

Garibaldi Alpacas are agisters at Lillyfield & exclusively use our stud males.

Caribbean Concert produces a very long fleece, excellent lustor, with a very pleasing crimp style.

She has spots, at least a couple, maybe a few.

This young female will be a marvellous addition to any coloured breeding program.

**Show Results**

5th Junior Brown Male, 2018 Australian Alpaca Spectacular

Tarantino has an interesting mix of genetics with Grey, Black, Fawn and White in his background. Sired by Wolfman who we have only used sparingly in our breeding program due to only having limited coloured females.

Better known at Alpha Centauri as 'Mr Brown' (think the movie Reservoir Dogs) Tarantino was special from the day he was born. He has taken a little while to grow out but is now starting to come along nicely.

He has a medium frequency crimp style with superior brightness and handle. He is a very uniform colour and does not have any colour fibre contamination throughout his fleece. Tarantino is sold with a certification guarantee.

**Dam: Alpha Centauri Keoney**

Benleigh Jubilation

Wollondilly Rani

### Fleece Stats

2018: 18.4 mic, 3.9 SD, 21.2 CV, 99.3 CF

Kommissioner is the full brother to Alpha Centauri Kommissar and comes from the best of our breeding. Holding an 18 micron fleece with a 3.9 SD on a true second fleece he is already demonstrating his value as a stud sire of the future. It is with regret that we let Kommissioner go but unfortunately we can not keep all the males we would like. It would be a shame for Kommissioner to not have the opportunity his other full brothers (Kommissar and Kommissario) have had.

He regard Kommissioner highly and we are very confident of his as future sire. He is very well grown and showing interest in females

We guarantee certification

4th Fleece

**Show Results**

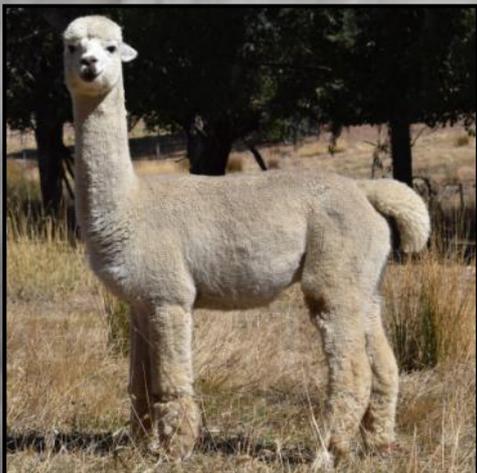

1st Senior White Male, Sydney Royal 2018

Reserve Champion Senior Male, Sydney

Royal 2018

The Snow Leopard is an outstanding example of what Kommissar produced for us prior to his departure for The Netherlands. We have kept the Snow Leopard up until now as 'insurance' against the loss of our other Jupiter line of males. The Snow Leopard is way to good to not be working. Unfortunately with Jupiter, Kamando and Kolorado all being utilised within our herd there is little scope for the Snow Leopard to get a run. We have therefore made the difficult decision to release him to a lucky breeder that will utilise him to his full potential.

He will make an excellent addition to any herd. He is a guaranteed to pass certification and we will gladly certify him prior to transfer to the new owners. He has the traits for which Kommissar was known with brilliant brightness and high frequency crimp with a high degree of curvature and density. With a 4th fleece of 19.7 micron he has proven his ability to stay fine. We are extremely confident in his ability to pass on these traits to his progeny.
